

“I’m always in the car - I test a lot.”

“FreeStyle Mini™ was the best choice for me. I can get a blood drop with a really shallow pinprick - I hardly feel it.”

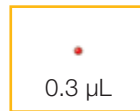

Gentle testing

FreeStyle Mini™ uses

50% less blood

than any other leading meter

actual size

- You can get a blood drop this tiny with a pinprick so shallow it's virtually painless.
- And when you test with FreeStyle Mini™ you can choose your fingertip or less sensitive palm.

Is FreeStyle Mini™ the right choice for you?

- ✓ **Super-small** meter you can carry everywhere
- ✓ **Gentle testing** with the world's smallest blood sample
- ✓ **Fast** testing - average 7-seconds
- ✓ **Backlit screen** and **test port light** for testing in low light
- ✓ **250-result** downloadable memory with date and time
- ✓ Four daily **programmable alarms**

Blood Glucose Monitoring System

For a life filled with activity

“My life never stands still.”

“I like FreeStyle Mini™ because it’s so small. It goes everywhere with me.”

“I’m out almost every evening.”

“FreeStyle Mini™ is great because it’s easy to use when there isn’t much light.”

“Remembering to test can be hard.”

“But luckily I have the FreeStyle Mini’s™ alarms to remind me.”

Super-small

- FreeStyle Mini™ is smaller than a credit card

- You can carry FreeStyle Mini™ wherever your life leads.

Use in low light

Test port light

- Helps to guide your blood drop onto the test strip.

Backlit screen

- Makes it easy to check your results.

Programmable alarms

- FreeStyle Mini™ can be programmed with up to four daily reminders.

- When life is busy FreeStyle Mini™ helps you keep to a regular testing schedule.
